

If you are looking for bridge holidays abroad then this organisation is probably the best value you could ever find. Costs probably half what others charge for equivalent holiday with duplicate bridge. For example just look at this two week holiday starting 10th April 2018 for £625 each for a couple (still only £750 for a single) and this includes flights, half board accommodation and bridge available every day.

Club bridge work through Thomsons packages. They do not advertise. All guests are repeat customers. New guests are all due to being referred by friends.

We are seasoned bridge holiday guests and have hosted bridge holidays too. Club Bridge is just like any other bridge holiday except it is not EBU licenced so you don't get Masterpoints or NGS ratings. For a holiday we prefer it like that anyway. Ivan and Gerstel are wonderful hosts. The bridge is friendly and relaxed with a variety of events to make it interesting. There is a good mixture of skill levels plus singles are well looked after. We highly recommend Club Bridge for holidays.
